## METAL

**Metalli lavorati, con un tocco sapiente ed artigianale, textures attuali e decise che danno personalità alle più svariate soluzioni architettoniche, capaci di dialogare con il futuro e con la maestranza del passato.**

Così si presenta Metal, la collezione di Ariostea; prodotta in 6 nuance, si presta ad essere il perfetto connubio tra la tecnologia high-tech del grès porcellanato ed il mondo dell'urban chic e del metropolitan style.

**Metals processed with an artisanal touch and bold contemporary textures add personality to a wide range of architectural solutions, creating an open dialogue between the past and the future.**

This is Metal, the Ariostea's collection in 6 shades that creates the perfect combination of hi-tech porcelain stoneware, urban chic and metropolitan style.
